

Social Media Guide

Keep Northern Ireland Beautiful is all about inspiring individuals to create cleaner, greener and more sustainable communities.

We achieve these aims through education, public engagement and spreading our message to all sections of the community.

We want to share far and wide the great work that wonderful volunteers

do across Northern Ireland and the rise of social media allows us to do this really easily. All we need is for you to engage with our various platforms and here's some helpful hints and tips for you to do just that.

Websites – get online

We have recently refreshed the three main websites within the Keep Northern Ireland Beautiful fold.

Our websites have up to date information and allow you to view other projects ongoing across Northern Ireland. They provide you with main contact details for our office if you need to get in touch.

Why not give them a visit and see some of our great programmes.
